Hi Janet,

As I am sure this John shared with you, this meeting (date and time) has come together very quickly as the State indicated their preference for a Tuesday meeting very recently. Apologies for the rushed timing on the Tuesday meeting.

The April 13th meeting is intended to be a small meeting of senior agency representatives. Here are the current invitees:

Grant Cope, Deputy Director, California DTSC
Rear Admiral Nancy Hann, Office of Marine and Aircraft Operations, NOAA
Mark Gold, Deputy Secretary CA Natural Resources Agency
Jonathan Bishop, Chief Deputy Director, California SWRCB
Renee Purdy, Executive Officer, LA RWQCB
Kristin Peer, Deputy Secretary and Special Counsel for Water, Cal EPA
Enrique Manzanilla, EPA Region 9 Superfund Division Director
John Lyons, EPA Region Superfund Acting Deputy Director

The purposes of this meeting are twofold: 1) to plan for a larger meeting with broader agency representation and 2) hopefully for NOAA to present an overview of recent Ocean Disposal Site #2. EPA is in the process of preparing an agenda and plans to circulate that on Tuesday.

We would welcome participation by a senior DOI representative and we are available Monday afternoon to share some background with DOI.

Hope this information is helpful,
I am out today and John C is the best contact for the balance of the day,
John

John Lyons
Acting Deputy Director
Region 9 Superfund and Emergency Management Division
(415) 972-3889
(415) 265-0908(cell)

Let me know if you have any questions,
Thanks
John

Good afternoon,

I spoke with John Chestnutt about the upcoming meeting on Tuesday. I understand this is the meeting you referred to in the letter to Senator Feinstein's office.

Are you able to provide me with information on the meeting so I can work with FWS to determine whether we should try to attend?
